

EOYR Checklist for Elem/Mid Schools refer to the Elementary Year End & Next Year Activities Manual

| | Task | How to | Notes |
|---|---|--|---|
| <input type="checkbox"/> Pg. 4/5 | Update Next School for all students, except the withdrawing students *IF ALREADY COMPLETED, DO NOT RUN AGAIN* | School view > Student tab <ul style="list-style-type: none"> Use the Pre-transition field set Mass Update next school for students returning to the same school Manually adjust this field for students that are not returning to the current school and if necessary add a Pre-transition Withdrawal Code Out of district schools can be entered in the student's detail screen | Run a separate query for students transitioning to a different next school than the current one. Using the <i>Next Year Student</i> filter will help to determine next year enrollment numbers. **This must now be maintained for the remainder of the school year.**  For students that are transitioning to a new school, determine if there are programs that need to be closed off in the current year and if a Pre-transition withdrawal code is needed. If you have a designated student withdrawing, consult with student services staff to ensure all IEP plans are ACTIVE and COMPLETE and if they are leaving the district that the student is exited from Student Services. |
| <input type="checkbox"/> Pg. 5/6 | Identify students that will be withdrawing at the end of the school year. *If needed, enter Pre-Transition Withdrawal Code. | School view > Student tab <ul style="list-style-type: none"> Use the Pre-transition field set, Options > Modify List to change Withdraw to "Y" ONLY for students not active in a MyEdBC school next year Students with no next school value will remain in the school, unless their Withdraw at EOYR box is checked. | If you know the student's next school and you get approval from that school to add the student, then fill in the student's NextSkl>Name and the Pre-transition Withdrawal Code . <i>Out of district schools</i> can only be entered in the students's detail screen. The students will automatically be withdrawn from the current school with the withdrawal code you chose and be admitted to the next school. Only check the withdraw checkbox for students who will not be active in a MyEdBC school next year. **Delete homerooms and NextYR Homerooms for students not returning (at end of school year). Students will remain in the homeroom if these are not deleted prior to withdrawal during EOYR. * Check to make sure that the students programs have an appropriate end date assigned. |
| <input type="checkbox"/> Pg. 11 | Exit students leaving the district from Student Services | <ul style="list-style-type: none"> Any Designated Student leaving our district should be exited from Student Services | Schools should identify designated students who are withdrawing from their school or district and consult with their student services staff prior to withdraw or transfer during EOYR to ensure appropriate action is taken on these students first. DO NOT end date the current Student Services 1701 Designation Program . The designation record alerts the receiving school/district that a support plan may be needed. |
