1.0 Introduction to Provincial Graduation Assessments

The 2018 Graduation program requires students to successfully complete a Numeracy and a Literacy assessment. The graduation assessments are not tied to a specific course or grade level nor do they earn “credits” towards graduation.

2.0 Assessment Definitions

There are five provincial Graduation assessment definitions. For the 2017-18 school year, only the Numeracy assessments will be available. The Literacy assessments are expected to be available for the 2018-19 school year.

Description	External Code
Graduation Numeracy – English	NME
Graduation Numeracy – French	NMF
Graduation Literacy – English	LTE
Graduation Literacy – French	LTF
Graduation Literacy – Programme Francophone	LTP

Important Note: Each assessment definition has a unique field set for Assessment History, Assessment Entry and Student Assessment. Manage your field sets and select the appropriate field set to match the assessment definition when viewing data on any of these screens. You must select an Assessment definition to see the field set, e.g. Default Fields (NME) is available for Numeracy English; Default Fields (NMF) is available for Numeracy French.

3.0 Graduation Assessment Entry

3.1 Enrol a Student to Write an Assessment

The enrollment of a student to write an assessment can be done in the district or school view, for an individual student or for a selection of students. Only the primary school can create assessment records for students.

The Assessment Entry screen is used to add assessment records. The Assessment History screen is where all updates and reviews of student assessments should occur.

Assessment TT > Student Assessment ST > Assessment Entry

1. Select the Assessment Definition to be assigned to the student(s). Click on the magnifying glass to bring up the list of available assessments.

2. Select the students to enrol. Options available for selection are: Grade Level, Group, Query, Snapshot or Selection. For each student in the selection, any existing assessment records for this assessment definition appear. Otherwise, a blank assessment record is presented for data entry. Use the Clear button to clear the selection. *This does not delete the assessment records – just clears the selection.*

3. Enter the session date that the student plans to write the assessment. Use CTRL D to copy the date down for all students on the list. Copying down will overwrite an existing date for the assessment.

AssessmentDef > ID *	AssessmentDef > Name *	Date *
NME	Graduation Numeracy Assessment English	22/01/2018

4. The school name will automatically populate with the students primary school when the date is entered. The school name can be changed to reflect where the student will be writing the assessment, if it is within your district.

Note: To move quickly across rows and down columns, press TAB or use your arrow keys. You can also click directly in a cell. To enter the same value for all students, enter a value for the first student, then press CTRL + D, or click Options > Fill-Down Values. Copy down (CTRL D) is restricted by the number of records per page.

CTRL D / Fill-down will overwrite existing records!

3.2 Rewrites

To add an additional assessment record go to *Assessment TT > Student Assessment ST > Assessment Entry*

1. Select the Assessment Definition to be assigned to the student(s).
2. Select the Student(s) to be updated. You may select an individual student or a group of students using the Select button.
3. Click on the + sign beside the student PEN field.

4.0 Review and Update Assessment Records

Student assessment records can be reviewed and updated in the district or school view, for an individual student or for a group of students.

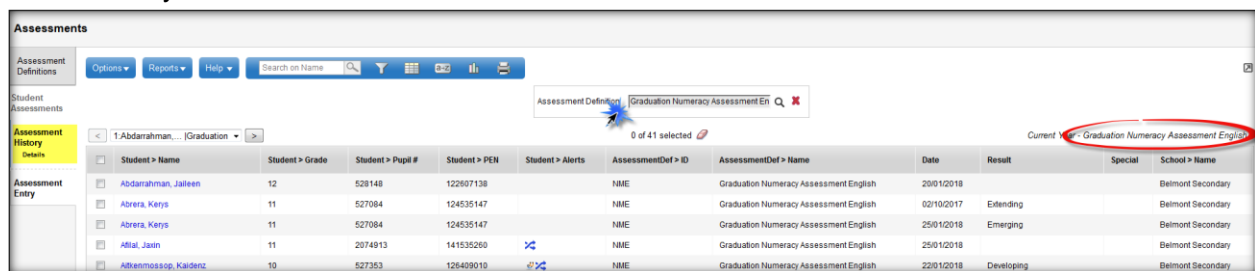

Assessment TT > Student Assessment ST > Assessment History for all students

Student TT > Assessments ST > for a specific student

4.1 Assessment History

Review all records for a specified assessment definition at *Assessment TT > Student Assessment ST > Assessment*.

1. Select the Assessment definition. All primary students with an assessment record for the assessment definition will be displayed.
2. Manage your field sets and select “Default Fields (NME)” to see all applicable fields of data for the Numeracy definition.
3. Use your filters to select students to view

The screenshot shows the 'Assessments' interface with a table of records. The table has columns for Student Name, Grade, Pupil #, PEN, Alerts, AssessmentDef ID, AssessmentDef Name, Date, Result, Special, and School Name. The 'AssessmentDef Name' column is circled in red, showing 'Graduation Numeracy Assessment English'.

4.2 Delete an Assessment History record

Occasionally, it may be necessary to delete an historical assessment record. Records that contain a mark should not be deleted, as the record is an important piece of evidence of a student’s progress towards graduation.

1. Click in the checkbox beside the Student name.
2. Options > Delete.

Note: If an assessment record already has a mark in the Results or Special Case field
DO NOT UPDATE OR DELETE the record!

4.3 Individual Student Assessment Records

A primary or secondary student’s assessment records may be viewed by going to *Student TT > Assessment ST*.

1. Select the Assessment definition. All of the student’s assessment records for the assessment definition will be displayed. If you don’t select an assessment definition, then ALL of the student’s assessment records will display, however you won’t be able to select the field set to display the Graduation Assessment fields.
2. Manage your field sets and select “Default Fields (NME)” to see all applicable fields of data for the Numeracy definition.

4.3.1 Add an Assessment record for an individual student

1. Assessment records can be added for Primary students only. You must select an assessment definition before you can choose to Add a record.
2. *Options > Add*.
3. Select the “Graduation Assessment” template for the appropriate fields.
4. Enter the date.
5. Save the record and the School name will populate.
6. Enter the Provincial Assessment result if available.

The Special Case field is used to receive information that is returned by the TRAX system. Possible values would be A – Aegrotat Standing, Q – Disqualified, or X – Incomplete.

The screenshot shows a web-based form for adding an assessment record. At the top, there is a navigation bar with tabs for Pages, School, Student, Staff, Attendance, Conduct, Grades, Assessment, Schedule, Global, Tools, and Admin. Below the navigation bar, the page title is "Student List :: 11 - Abrera, Keyes :: 18/01/2018". The form is divided into several sections: Details, Contacts, Attendance, Conduct, Transcript, Assessments (with a sub-section for Details), Academics, and Schedule. In the Details section, there are buttons for Options, Reports, and Help. Below these are Save and Cancel buttons. The form fields include: Date (18/01/2018), Assessment Definition (Numeracy French), School (Belmont Secondary), Prov Assessment Result (a dropdown menu), and Special Case (a dropdown menu). There are also Save and Cancel buttons at the bottom of the form.

5.0 Using the Date Range filters on Assessment Entry

Assessment TT > Student Assessments > Assessment Entry

To filter the display of existing assessment records, enter dates in the Date Range fields at the top of the page. MyEducation BC will display the assessment records within the date range specified for the students selected. For all of the other students in the selection a blank record is presented. To see all of the assessment records for the assessment definition chosen, leave the date fields blank. The display is limited to the students selected.

For example: A user has selected students in Grade 10. All Grade 10 students now appear on the screen. Some of the grade 10 students have assessment records for Jan 2017 and some have assessment records for Jun 2017 and some do not have any assessment records. Entering a date range will filter the records with dates within that range, and present a blank record for all of the other students in the selection.
